# Introducing Dacia Logan MCV

Once upon a time, vast interior space went hand-in-hand with high prices. Then, along came Dacia Logan MCV and times changed. Say hello to a new reality...

With best-in-class boot capacity and ample interior space for five adults, Logan MCV offers an unrivalled price/size ratio. Every inch a "Maximum Capacity Vehicle", Logan MCV makes responding to the real demands of life that little bit easier. Whether it's a new piece of furniture or your family and their luggage, Logan MCV's extraordinary load capacity will get you there with room to spare.

With a 573 litre boot which expands to 1,518 litres with the rear seats folded down, transporting large and awkward items is a doddle. A 60/40 split-folding rear seat and a forward-folding front passenger seat also make for maximum flexibility when driving with rear passengers or transporting longer items.

With Logan MCV, big space doesn't mean big running costs. The state-of-the-art TCe 90 3-cylinder turbocharged petrol engine combines peppy performance with frugal fuel efficiency and CO<sub>2</sub> emissions of just 116 g/km. Or why not choose the dCi 90 diesel engine, with combined fuel consumption of 3.8 l/100km (74.3mpg) and CO<sub>2</sub> emissions of just 99 g/km?

At Dacia, our simple range of cleverly designed cars uses only useful technology. That's because we believe you should only pay for the things that you value, rather than for those you don't. Dacia Logan MCV offers a groundbreaking combination of practicality and affordability. With two trim levels, Alternative and Signature, it's easy to find the perfect Logan MCV for you.

**With Dacia, think big, pay little.**

Model shown is a Dacia Logan MCV Signature with optional Ash Grey metallic paint.
